**SpaceVac LITE**  
Domestic / Commercial Cleaning System

# Introducing SpaceVac LITE

The SpaceVac LITE cleaning system, is a lightweight, smaller version of our award winning high-level cleaning system - specifically designed for domestic and light commercial premises.

While cleaners and maintenance teams might vacuum floors and stairways as part of their regular weekly cleans, anything above eye level is often left uncleaned.

These areas however are often a crucial part of building maintenance. With **SpaceVac LITE** you can easily:

- \* Reduce fire risk by removing dust from lights and cable trays thus preventing dust layer ignition and light fittings from overheating.
- \* Keep premises secure, by removing any debris obscuring CCTV and motion detector devices.
- \* Improve the health of occupants by removing the dust from vents that is disturbed and circulated when air conditioners are in use. Research has shown that removing this dust regularly can help to minimise respiratory complaints such as asthma.
- \* Keep pipework, ducting, vents and other high-level areas clear and clean ensuring premises look great all year round!

Made of durable lightweight materials, **SpaceVac LITE** also features our unique Safety Locking Mechanism to offer total operator safety during use.

**Make LITE work**  
of cleaning at height!

While still built to the same exacting standards as the rest of the SpaceVac line and still retaining some of the crucial safety features [such as our safety locking mechanism] that our customers love; SpaceVac LITE has been developed to fit a very clear gap in the market for smaller cleaning companies operating in the domestic and commercial space.

The system's low cost and fast ROI, means cleaning companies can quickly see a return by offering new services to their existing customers and marking out a clear USP over the competition.

Further; the system's simple to use nature and low operating weight means anyone can put SpaceVac LITE to work quickly and easily.

## PUT SPACEVAC LITE TO THE TEST:

Book a demo on your premises and see for yourself the difference a SpaceVac LITE can make!

## What's Included:

The SpaceVac LITE system comes equipped with everything you need to add SpaceVac's high-level cleaning to your existing vacuum cleaner:

Each system comes with:
